

(# 13)

MEMORANDUM

DATE: September 21, 1987  
TO: Land Enforcement Decision Group - Gary King  
FROM: Michael Severns *ms*  
SUBJECT: Brighton Landfill  
Macoupin County  
ILD00067139

Enforcement Referral Memorandum

The subject facility is being referred to the Enforcement Decision Group (EDG), with the recommendation that the Agency incorporate the (below) violations into the present enforcement case.

The violations were noted during an Interim Status Standards inspection conducted on March 31, 1987. The inspection determined that Brighton Landfill was in apparent violation of regulations pursuant to 35 Ill. Adm. Code, Subtitle G, Section 722 and 725. Specifically:

- 1) 722.111
- 2) 725.116(c)
- 3) 725.173
- 4) 725.174(a)
- 5) 725.409

On May 20, 1987, a Compliance Inquiry Letter was mailed certified to Brighton addressing the above violations. This letter was returned to the Agency after a third claim check was ignored. Two subsequent certified letters were mailed to different Brighton addresses, and again these letters were not accepted. The follow-up letters were dated August 20, 1987 and September 8, 1987.

On September 11, 1987 a letter from Fred Prillaman (attorney for Brighton) was received indicating that he was in receipt of the May 20, 1987 CIL on August 20, 1987. In his letter, on behalf of Brighton, he denied all allegations appearing in the CIL.

Due to the refusal to accept the CIL by Brighton and Mr. Prillaman's letter of denial, the Compliance Section decided to refer this information (facility) to the Enforcement Decision Group. We recommend that the apparent violations be incorporated into the present enforcement proceedings.
